

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant: Daniel Gasser et al.  
Title: "VISUALIZATION SYSTEM"  
Docket No.: 33389

PRELIMINARY AMENDMENT "A"

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Please amend the above-identified application prior to examination thereof in the following manner.

IN THE CLAIMS:

Please amend claims 4, 6-7, 9 and 13-14 as follows:

1 4. (amended) Method for the organization of the  
2 administration of the units organizing and maintaining in  
3 readiness the visualization information in accordance with one  
4 of the claims 1 or 2, characterized in that the administration  
5 of the visualization information is organized and maintained  
6 in readiness for the call-up in the form of a fixed data model  
7 by means of linked tables.

1 6. (amended) Method in accordance with claim 1,  
2 characterized in that the server/the servers through a web  
3 outlet with a hierarchic structure is organized/are organized  
4 in such a manner, that for the automatically enquiring  
5 terminals depending on the authorization the data maintained  
6 in readiness for them are released for downloading.

1 7. (amended) Method for the automatic running of a  
2 terminal in accordance with one of the claims 1 or 2,  
3 characterized in that the automatic running of the enquiry and  
4 the working-off through Daemons is implemented in a program

5 file (COM-File) association in such a manner, that individual  
6 Daemons are mutually connected to become a Super-Daemon.

1 9. (amended) Method in accordance with claim 7,  
2 characterized in that a control function, resp., Daemon  
3 together with a publish function, resp., -Daemon form a super  
4 function, resp., Super-Daemon, with the help of which the  
5 terminal function runs automatically.

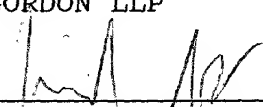

1 13. (amended) Data storage medium containing programs for  
2 the implementation of the method in accordance with claim 4.

1 14. (amended) Data storage medium in accordance with  
2 claim 13 containing a ready for installation set for the  
3 administration unit and/or the visualization unit for the  
4 utilization.

If there are any additional fees resulting from this  
communication not covered by the enclosed check, or if the  
check was omitted, please charge all uncovered fees to our  
Deposit Account No. 16-0820, our Order No. 33389.

Respectfully submitted,

PEARNE & GORDON LLP

VERSION WITH MARKINGS TO SHOW CHANGES MADE

1           4. (amended) Method for the organization of the  
2 administration of the units organizing and maintaining in  
3 readiness the visualization information in accordance with one  
4 of the claims 1 [to 3] or 2, characterized in that the  
5 administration of the visualization information is organized  
6 and maintained in readiness for the call-up in the form of a  
7 fixed data model by means of linked tables.

1           6. (amended) Method in accordance with [one of the claims  
2 1 to 5] claim 1, characterized in that the server/the servers  
3 through a web outlet with a hierarchic structure is  
4 organized/are organized in such a manner, that for the  
5 automatically enquiring terminals depending on the  
6 authorization the data maintained in readiness for them are  
7 released for downloading.

1           7. (amended) Method for the automatic running of a  
2 terminal in accordance with one of the claims 1 [to 3] or 2,  
3 characterized in that the automatic running of the enquiry and  
4 the working-off through Daemons is implemented in a program  
5 file (COM-File) association in such a manner, that individual  
6 Daemons are mutually connected to become a Super-Daemon.

1           9. (amended) Method in accordance with claim 7 [or 8],  
2 characterized in that a control function, resp., Daemon  
3 together with a publish function, resp., -Daemon form a super  
4 function, resp., Super-Daemon, with the help of which the  
5 terminal function runs automatically.

1           13. (amended) Data storage medium containing programs for  
2 the implementation of the method in accordance with [one of  
3 the claims 4 to 9] claim 4.

1           14. (amended) Data storage medium in accordance with  
2 claim 13 containing a ready for installation set for the  
3 administration unit and/or the visualization unit for the  
4 utilization [in accordance with one of the claims 1-12].
